RE: COVID-19 (CORONAVIRUS) INFECTION CONTROL PROCEDURES

In order to minimize risks to health, including anxiety, the following measures are to be taken with immediate effect. Teachers are asked to remind students about personal hygiene throughout the day and instruct them age appropriately. A reminder to all that, if you are unwell, you should stay home.

Personal Hygiene

- Teachers wipe the door handles of their classroom at the beginning and end of every lesson with anti-bacterial wipes.
- Wiping of laptops and desk top computers before and after use.
- Hand washing prior to eating and after the toilet with soap for 20 seconds. Hand sanitizer should be used at least twice a day.
- Exercise coughing and sneezing etiquette.
- Exercise "social distancing" practices such as sitting apart, and avoiding hand shaking, hugging and kissing.
- For more information about social distancing, refer to [COVID-19 - Advice for the NSW community](#).

Modified School Activities

Permitted school activities

- Normal classroom teaching and learning activities
- Existing school structures, such as timetabled lessons, recess and lunch
- Mass
- Normal transport to and from school
- On-site only PDHPE activities

Excluded school activities

- Assemblies, performances, incursions and excursions
- Off-site activities, including professional learning
- Parent nights, morning teas, fundraising and other social activities
- Sharing of food, electronic devices and other resources
